

A FIRST IN THE INDUSTRY

Every other Gold IRA company makes you call to learn the price. **Ours is right here.**

One number, published before a single phone call: **an 11.1% spread, all-in.** No admin fee. No setup fee. Buyback at wholesale when you sell.

The same price for every customer. It does not change when you call.

See exactly what you'd pay

Call (800) 555-0199

11.1%

spread, published & all-in

Buyback

at wholesale, never below

IRS-approved

custodian & depository

Salaried

advisors — no commission

WHAT IT ACTUALLY COSTS

See the number in dollars, not percentages

Move the slider to your rollover amount. This is the whole cost of getting in — no fine print waiting on a phone call.

YOUR ROLLOVER AMOUNT

\$100,000

Grace Precious Metals — all-in

\$11,100

A typical Gold IRA — round-trip range

\$17,000 – \$33,000

Choosing Grace could keep an estimated **\$5,900 – \$21,900** of your retirement in metal instead of markup.

Get the full math →

Illustrative. Grace = 11.1% all-in spread. "Typical" reflects a category round-trip cost range of 17%–33% (entry spread plus ongoing custodian/depository fees) from published research. No specific competitor is identified.

A FIRST IN THE INDUSTRY

America's first Gold IRA company to publish its spread.

Until now, every Gold IRA company in America made you sit through a sales pitch before they would tell you what their gold actually costs. We left that practice behind to build this. The number is **11.1%, all-in** — on the website, the same for every customer, and it does not change when you call.

OUR PROMISE

Four commitments we built the company on

Trust through transparency, not pressure.

01

Published spread, 11.1% all-in

The markup over spot is 11.1%. That is the whole markup. Nothing is added on a phone call. Nothing is negotiated off it.

See the pricing →

02

Buyback at wholesale, never below

When you decide to sell, Grace buys back your bullion at our wholesale acquisition price. No exit spread, no liquidation fee, no markdown.

How buyback works →

03

Standard IRS-eligible bullion only

American Eagles, Canadian Maple Leafs, LBMA-approved bars. No numismatic, exclusive, rare, premium, or proof coins in any form.

Why we refuse numismatics →

04

Salaried advisors. No commission.

The person you speak to earns the same whether you buy or sell. No commissions, no referral fees, no volume incentives.

Meet the advisor team →

WHAT WE SELL

Standard bullion. Nothing else.

IRS-eligible gold and silver — the same coins and bars held in retirement accounts across the country, priced against the spot market.

American Gold Eagle

Canadian Gold Maple Leaf

American Silver Eagle

LBMA-approved gold bar

We do not sell numismatic, “rare,” “exclusive,” “premium,” or proof coins. The markup on those products is how this industry hides its real margin — sometimes thirty percent, sometimes fifty. We believe they have no place in a wealth-preservation strategy.

COMPARE

Already spoken to another Gold IRA company?

Bring us the quote, or just ask what we would charge. We'll give you a no-pressure, no-sales second opinion. We don't need to know how much you're investing — just ask what we'd charge on a particular item.

If you've had that call, you know the pattern — heavy on urgency, light on math. **We do the math with you. Ours is published. Theirs is not.**

WHAT YOU'LL PROBABLY FIND

→

A spread that is wider than it sounds

→

A buyback price below spot — or none at all

→

“Exclusive” coins priced well above standard bullion

→

Setup or admin fees not in the headline number

Talk to a salaried advisor

GPM BRAND AMBASSADOR

Why Marjorie Taylor Greene stands with Grace

She believes American families deserve to be treated straight and keep what they've built. That's the principle she found at Grace: we publish our price before the first phone call — 11.1% all-in, no admin fee, no commission or spread when you sell. No commissioned sales force, no rare-coin upsell, no one we hire to chase you.

William Armour
CO-FOUNDER & CEO

A WORD FROM THE FOUNDER

“I left because when I learned what was really going on, I could no longer be a part of it. I knew there had to be a better way. This is the company I built to change that.”

PLAIN ANSWERS

Three things worth understanding first

NEW TO GOLD

New to Gold IRAs

Start with how a rollover works — what you can roll over, the timing, and the tax treatment.

How a rollover works →

WHAT QUALIFIES

Which gold the IRS allows

The rules are stricter than most dealers let on. Exactly what qualifies — and what gets sold as “eligible” when it isn't.

IRA-eligible gold coins →

WHAT YOU PAY

What you actually pay

Spread, markups, and the exit costs that rarely make it into a brochure. See how pricing really works before you commit.

Gold IRA fees explained →

Grace Precious Metals is a precious metals dealer. Gold IRAs require an IRS-approved custodian and depository. Grace is not a financial, tax, or legal advisor. Gold investments carry risk, including potential loss of principal. Past performance does not guarantee future results. Consult qualified professionals before making investment decisions.

"A typical Gold IRA costs about a third more" compares Grace's round-trip cost against the midpoint of a category-typical round-trip range of 17%–32%, substantiated from published research. No specific competitor is identified.
